SAMPURNA GAUTAM

SOFTWARE DEVELOPER

ABOUT ME

I am currently studying business and IT in Haaga-Helia with a focus on software development. I am from Nepal, but i have travelled around Europe for the past 5 years and settled down in Finland looking for professional employment. With my travel experiences I've met a variety of people and I can say with certainty that one of my strongest suits is my ability to understand and cooperate with different types of people.
